

UNION WEEKENDS

WORK IN YOUR COMMUNITY INSTEAD OF YOUR STORE

Good jobs mean strong communities. HELP SPREAD THE WORD!

Through the UFCW Union Weekend Program, members of UFCW Local 700 help protect good jobs in their communities by educating the public about the benefits of organizing unions at work and shopping at union stores in their neighborhoods.

When more people shop in union stores and more workers choose to form unions, it means more bargaining power to negotiate stronger contracts. It's up to us to tell our families, friends, and neighbors about why having a union is important for all of us.

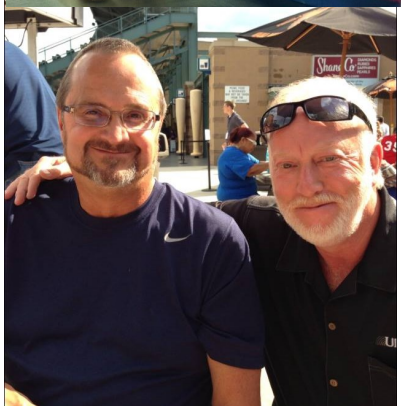

If you participate in the UFCW Local 700 Union Weekend Program, you will be scheduled off on Friday evenings and on weekends in order to volunteer at events and educate the public about the role of good union jobs in our community.
