PO Box 1903  
Indianapolis, IN 46206

Dear Dr. Myers and Ms. Lawson:

On behalf of more than 14,000 members of the United Food and Commercial Workers Union (UFCW) Local 700, we are proud to endorse your candidacy for Governor and Lt. Governor of Indiana.

Thank you for your commitment to the interests of working families across Indiana, your dedication to the values embodied by the labor movement, and your commitment to addressing the needs of all hard-working men and women in our state. Hoosier families and communities need someone with the expertise to lead us through this public health crisis and the courage to stand up for workers. We support you and your efforts to lift pay, to repeal anti-worker laws, and to keep people safe on the job.

You are the team we need to build a better future for middle class families in our state.

We join working families from across the state in supporting your candidacy for Governor and Lt. Governor and look forward to your victory in November.

In solidarity,

Joseph M. Chorpenning II  
Vice President, UFCW International Union  
President, UFCW Local 700
